## DATA PROTECTION ACT 1998

The membership secretaries and the committee of Chipping Norton Amateur Astronomy Group will use the information you have provided on this application form for administration purposes.

We will keep (on the computers of the committee members) a list of the names and addresses of all our members for use as our own mailing list. We primarily contact members by email and text to let them know of events and your information will be used for this purpose. The list also includes details of whether members are on the committee or hold any office and will include similar details about you upon your joining CNAAG. Other than the email addresses (which will appear in emails sent to members) none of this information is available to anyone other than the member concerned or any other member with a need for access for CNAAG purposes and will be destroyed within 6 months from the date you cease to be a member of CNAAG. In no circumstances whatsoever is any of the information passed to any other person.

You have the right to ask for a copy of the information which we hold about you and which is subject to the Data Protection Act 1998 (for which we may make a small charge) and to correct any inaccuracies in your information.

If you object to this data being held on computer, please tick this box. Otherwise you will be taken not to object.
